## A message from Liz Eustace, our carnival recorder, to those responsible for club entries:

*Attention to those that do club entries for carnival;*

*We have now had our 2nd lot of carnivals using the new SEMS system - all seems to be going well, but like all new systems there is always going to be glitches, teething problems and trial & error while it is being trialed. SLSA staff are working on these teething problems and glitches and ways to improve the system for all doing entries and results.*

*We have had lots of positive feedback from the beach over the first 2 carnivals - ie the event sheets with names listed which assists with the marshalling for events, as well as making it easier for the recorders on the line.*

*What we would like to ask of the clubs is that when doing entries that they make sure:*

- *all athletes are entered prior to the closing date of the carnival - looking at having closing on the Wednesday prior to the carnival - so that the print off of the sheets can start on the Thursday so all is ready for action on the morning of the carnival.*
- *all athletes have been checked that they are registered and have the required awards prior to closing date of the carnival - entries and or results can't be processed if the athlete isn't a current member or proficient for 2018/19 season. We will only accept late athlete entries on the day - if there is paper evidence that the athlete is financial and proficient. Late athlete entries on the day will be charged a late entry fee.*
- *Team are entered into Team contests - including the team members for the team (50% of team member names can be changed on the day - but if they are named in the contest already this will make it easier when entering results)*

*I would like to meet with all officials especially the marshals and recorders in briefing at the start of each carnival so that we can explain what is required of them (in reality having the printed off sheets for each contest will make the recorders job a lot easier - as the names will be there and it's just a matter of marking the place down).*

*Thanks for the understanding for all the clubs and taking on board the suggestions and feedback from us to you also. We are all volunteers doing entries and results - so need to work together to make it work for us all.*

*I am happy for anyone that has any questions regarding entries and SEMS to contact me.*
